Administrative Support Grants
2017

Community Foundations in Manitoba

There are 55 community foundations covering virtually every populated area of our Province. As the business of building community endowment funds becomes more complex, the need for administrative strength increases. The purpose of this program is to provide community foundations the support to grow their local grant-making capacity by providing additional administrative resources.

Eligibility Criteria

To be eligible for this administrative support program:

1. a Manitoba community foundation must be a full member of CFC (Community Foundations of Canada) in good standing. That is to say, the 2017 membership dues are paid, the required Board resolution is passed and the requested statistics for the previous year have been provided to CFC; and
2. an application form is delivered to The Winnipeg Foundation by September 30th, 2017 with the applicant community foundation's financial statements for **2016** attached along with a **completed web information update** form.

Administrative Support Grants

From 2017 to 2020, The Winnipeg Foundation will offer administrative support grants to eligible community foundations in Manitoba totaling \$100,000 per year.

\$75,000 from The Winnipeg Foundation and \$25,000 from The Thomas Sill Foundation Inc.

The new formula will be as follows:

All funds will be allocated on a pro-rata basis between all eligible applicants. This calculation will be based on the community foundations total assets at Fair Value as of their **2016** yearend and as reported on the balance sheet of their yearend statement. **The minimum grant will be \$100 and the maximum will be \$7,000.**

Administrative Support Grants

Application Deadline: September 30th, 2017

Foundation Name _____
