

TRIBUTE to George and Verna Notman
by Carol Cullen

The Glenboro Area Foundation is pleased to pay tribute to the late George Notman and his sister, the late Verna Notman, acknowledging the huge contribution they have made to the Foundation and many other organizations in the Glenboro Community.

The Notman family moved into the Village of Glenboro from the farm in the 1970's after Mr. Notman passed away. Verna had many health issues and was a home body but George on the other hand was seldom idle. He was the weedman for the R.M. of South Cypress for several years. He worked with Morley Cullen with the race horses for over 20 years and it would be difficult to guess how many hundreds, possibly thousands of lawns he mowed, gardens he tilled or driveways he shovelled until his health failed. Their lifestyle was certainly not an indication and to most it was never apparent that the Notman family were millionaires.

George and Verna would not want us to have a fuss made over them but we wish to acknowledge that to date The Glenboro Foundation has received over \$600,000 from the Notman estates. The community has and will benefit greatly from their generosity and as the years unfold it is safe to say that virtually everyone in the community will benefit from the grants generated by their contributions.

The Foundation is most grateful that this legacy has remained within the community and sincerely thank George and Verna for their gift that will keep on giving for many generations to come.
